Optic Ink

September 4th, 2020

We are excited to announce that Creative Signs & Graphics and Optic Ink are merging! This will be effective October 1st, 2020. We will be open and operational at the new location a few blocks west of our current location.

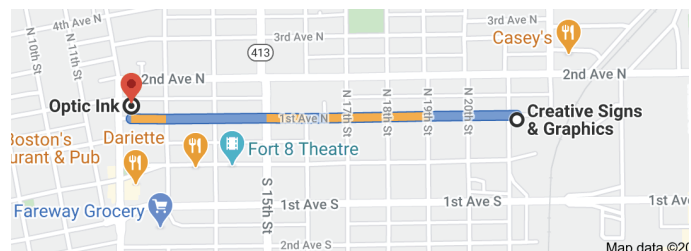

The new address is 1210 1st Ave North located here in Fort Dodge. If you have orders to pick up you can do so at our current location until then, after that pickups will be at Optic Ink.

Creative Signs & Graphics was established in 1999 with one mission: to bring a high quality, fast service sign shop to the Fort Dodge area. We pride ourselves in our customer service and in the long-term relationships we've built with our customers. We know Optic Ink has the same passion, drive, and care for customer service as we do. Merging with Optic Ink will allow us to offer more products under one roof which allows more convenience for you than ever before! We will be able to offer you apparel, promotional items, vinyl decals, vehicle graphics, signage and more all under one roof.

Creative Signs & Graphics has been honored to serve both our new and repeat customers. We look forward to working with you at our new location under our new name! This is a merger, not a closure. I will still be here to offer any assistance you need when it comes to vinyl graphics, signage and more! If you have any questions about the merger, please give us a call at 515-955-5505 or shoot us an email at order@csignsandgraphics.com and we will be happy to assist you. Once the merger takes effect our phone number and email will be forwarded to Optic Ink where you will still be able to reach me.

Cheers to the future,

Madeleine C. Lind
Owner
